

# EDNEYVILLE FIRE & RESCUE

1 FIRE HOUSE RD, HENDERSONVILLE NC 28792

During the week of May 22, we will have a crew come in to do our hose testing. The duty men will be moving trucks back and forth during this time getting it all done.

Happy Birthday this month to:

Randy Frisbee, Josh Anderson,

And Lee Kicklighter!!

As firefighting can be strenuous work, we require our members to have a yearly physical provided at no cost to the member. Highland Medical will be at our department on May 31 early in the morning to do blood draws. They will then be back on June 6 & 7 to do the physicals. This is more comprehensive than any physical you will get at your private doctors office. They will check your weight, hearing, eye sight, and put you on the treadmill to check your heart rate. The doctor will then meet with you to go over your bloodwork. Sign up sheets will be posted soon so you may sign up for an allotted time for your physical.

**THE BEST THING AN OLD FIREFIGHTER CAN TEACH A YOUNG FIREFIGHTER IS HOW TO BE AN OLD FIREFIGHTER**

SOG No. 8.0...This section deals with Incident Response. It is important that when the department receives an emergency alarm, the correct apparatus responds. For instance:

An MVA:

District #1—E-15, Rescue 15

District #2—E-15-2, Rescue 15

District #3—E-15-3, Rescue 15

It is always important that the driver only drive the trucks they are checked off on or fill the most comfortable with.
